Dear Zoi:

Please accept my personal congratulations for being selected to receive the 2009 International Education Week Spirit Award from International Teacher Exchange Services. It is my understanding that you were selected for this award because of your commitment to making the Greek Language Program at Socrates Academy relevant and exciting for your students.

As State Superintendent, I am always thrilled to learn about the excitement that our very best teachers bring into the classroom and beyond. I applaud you for your hard work and dedication toward making Socrates Academy a place where students can achieve success.

Best wishes as you continue to make a difference in the lives of your students.

Sincerely,

June St. Clair Atkinson
